

School Improvement Team

Agenda 11-15-17 3:00 pm

Williams, growing leaders for the 21st century.

Members Present: A. Oots, L. Cooley, P. Skipper, P. Jones, N. Bisplinghoff, M. Billingsley, J. Edwards, R. Kortan, A. Moore, S. Dhillon, K. Carpenter, H. Wilkerson, E. Wasserberg, T. Adcock, B. Kenworthy

Data- Cooley, Cathey, Skipper **Summary of Benchmark data**

3rd-5th Benchmark Reading

	MCW	District
3rd	58%	60% Schoolnet
4th	61%	68% Schoolnet
5th	66%	71.4% NC Checkin

3rd-5th Benchmark Math

	MCW	District
3rd	54%	59% Schoolnet
4th	47.7%	49.9 % NC Checkin
5th	63.3%	57.1 % NC Checkin

Students continue to struggle with multi-step word problems and completing all steps of the word problem.

NC Checkins are more rigorous than NHCS Benchmarks have been in the past.

Word problems are both multi-step and multi-operational. We need to include this type of word problems for instruction.

Progress monitoring completion report-

Teachers including PM as part of instruction, being creative with pulling and assessing will more likely use data to change targeted small group instruction.

Systematic progress monitoring raises teacher concern about students' reading progress and to signal the need for additional or different forms of instruction.

Our intensive students need the most targeted skills but their PM %'s are the lowest. Most measures are 1 minute in Grades K-2 DIBELS. TRC PM is 1 book. Teachers want to see how their students are responding to instruction. PM is crucial.

After school Tutoring-Amy Oots

Tutoring will begin in January on Tuesdays and Thursdays. Thirty five students will be invited to participate. Staff may need to be flexible with rescheduling afternoon planning times to allow for those who are tutoring teachers to still plan with their team.

Learning Focus Feedback-Amy Oots-

Next Steps:

Higher Order Thinking, Summarizing Throughout, Reading Comprehension by Standard and Text complexity, Writing in Response to Learning, Total Participation Techniques

Topics for Discussion:

UNCW CESTEM kits Kits are unavailable for checkout due to CESTEM moving to a new location. Some kits we can reproduce. NC State will be here on Nov. 29 with their Kits so we will have STEM activities for STEAM Night.

Submitted:

PE- Facilitating his instruction by respecting materials on the playground-

Teachers will take students to Mr. Peterson for PE

Can bus duty be changed each 9 weeks so that those who monitor red bus aren't always the ones waiting for the red bus

We are fortunate to have a bus driver who is only a few minutes late. Mrs. Jones has offered to help monitor students for red bus.

Team Reports:

Kindergarten, First, Second, Third, Fourth, Fifth, EC , ESL, Support Staff, Specialist, Inst. Coaches

EC teachers thanked classroom teachers for taking ownership of their children with special needs.

Inst. Coaches- Afternoon planning is going well with each grade level.

Support Staff- food drive after Thanksgiving to support Nourish NC.

Upcoming Dates

11-20-17 Elizabeth Murray-EVAAS data 11-2 during planning

11-21-17- Staff Meeting- 3pm ***Brief United Way presentation***

11-22-17 22 Vacation Day

11-29-17- NC-State Stem Kit PD
